.....**Items left at Stud i.e Rugs?:**.....

The Stud has its own resident veterinary surgeons. Some medications used can be licensed for use in other species or humans and may be prescribed in accordance with the cascade. In addition, the Fyrnwy Equine Clinic is the retained practice; any work carried out by them will be invoiced to the owner separately and must be settled promptly.

Unless agreed, no tack, head collars or other equipment belonging to the owners is to be left with mare and/or foal at Twemlows Stud Farm.

I give permission for my animal's details, including but not limited to, samples or data collected and test results, to be stored & used to further our knowledge of physiological & disease processes. Please tick here if you DO NOT wish this to happen ☐

All foals arriving at Twemlows and not previously microchipped will be microchipped once they are weaned or reach 6 months of age, as per UK legislation. A deposit is required to be paid prior to arrival.

I HAVE READ & UNDERSTOOD THE '2024 FULL TERMS & CONDITIONS' & 'AI/ET BREEDING CHARGES 2024' FOR MARES VISITING TWEMLAWS STUD FARM AND I AGREE TO PAY ALL ACCOUNTS IN FULL **PRIOR** TO THE REMOVAL OF MARES AND FOALS.

**Signed:** ..... (Owner/Agent)**Date:** \_\_\_\_ / \_\_\_\_ / 2024
